SUMMARY

Results-driven Business Systems Analyst with 7+ years of proven expertise in IT, specializing in Banking, Healthcare, and HR domains. Skilled in data analysis, stakeholder management, and project coordination, I excel at translating business needs into strategic solutions. Passionate about driving process efficiencies, enhancing decision-making, and delivering high-impact solutions that fuel organizational growth.

EXPERIENCE

Product Owner / Sr. Business Systems Analyst

TD BANK

05/2023 - Present Toronto

Project – Data Warehouse & HR - Workday implementation

- Led API & Data driven HR & Finance system (wealth management) integrations, automating data flows and improving real-time data extraction, achieving 70% performance improvement
- Spearheaded PeopleSoft to Workday migration with 100% success, managing requirements, STTM data mapping, validation, and minimal-downtime cutover.
- Designed and implemented on-prem to EDF (Data Warehouse) data pipelines using SQL, Python, and PySpark in Azure Databricks for large-scale data cleaning, profiling, and analysis.
- Delivered API integrations, leveraging Swagger (OpenAPI) for documentation and Postman for testing, ensuring seamless system communication.
- Authored SRS/BRD, performed gap analysis, and ensured PIA governance compliance, collaborating with TIBCO on data extraction.
- Managed Agile delivery (sprints, epics, Jira backlog grooming) and improved stakeholder alignment using Figma & Visio.
- Ingested ServiceNow data into SRZ and developed Power BI dashboards on CZ for real-time analytics.

Business System Analyst

TATA CONSULTANCY SERVICES

10/2020 - 03/2022 India

Project – 1 Healthcare System Migration (Boston Scientific Company)

- Developed machine learning-powered dashboards and KPIs, enhancing analytics and improving decision-making by 75%.
- Collaborated with data scientists to optimize classification models using IBM SPSS
- Transformed and applied complex business rules from EDW for accurate data processing and seamless delivery.
- Led machine learning-driven data cleaning on large datasets for successful migration and integration.

Business Analyst

TATA CONSULTANCY SERVICES

11/2018 - 10/2020 India

Project - 2 Finance and Payroll (EY)

- Led end-to-end development of a performance dashboard and API-driven workflows, delivering actionable insights aligned with business and compliance goals.
- Defined API specs and data mappings, collaborating with architects, developers, and stakeholders to support seamless system integration.
- Designed Power BI visualizations and optimized lifecycle flows, translating raw data into strategic business intelligence.
- Acted as SME, guiding cross-functional teams on business/system decisions and aligning UX/UI expectations through wireframes and user journeys.
- Drove UAT and backlog refinement, ensuring project priorities matched business needs and supported continuous improvement.

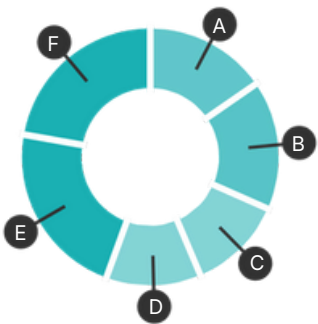

KEY ACHIEVEMENTS

- Optimized system performance by 70% through Workday integration and real-time data automation.
- Improved credit card fraud detection accuracy by 45% and reduced credit card churn rates by 37 % with predictive models (Python, IBM SPSS Modeler) on tsys data.
- Developed interactive Power BI & Tableau dashboards for senior executives, and led machine learning-driven data transformation for high-quality data migration and integration.

PASSIONS

Fueled by a deep curiosity for data-driven insights and innovative solutions, I thrive on transforming complex business challenges into strategic opportunities. Passionate about bridging the gap between technology and business, I excel at driving impactful change through collaboration, analytics, and forward-thinking solutions

MY TIME

- A Requirements Gathering & Analysis
- B Process Improvement & Solution Design
- C System Implementation & Testing
- D Data Analysis & Reporting
- E Stakeholder Communication & Support
- F Compliance & Risk Management

EDUCATION

PostGraduate-BusinessInsightsand Analytics

University of Guelph – Humber College

B. Tech in Electronics and communication Eng

Amrita University
